

Dear Friends of Catherine Place,

Summer 2023, here we are! I am full of gratitude for each of you and this powerful community that I joined in October of 2022.

We continue to thrive as a Catherine Place team (staff + Board/ Volunteers + donors/supporters/clients). Upholding the Hope, Healing and Connection Catherine Place was founded on in 2000. We are resilient and have built a strong community that reflects the world we want and choose to live in; showing up with our compassionate, vulnerable selves and love for our communities here in Pierce County!

Yes, we have and continue to face challenges together and we evolve as we flow from challenge to opportunities collectively.

Thank you, each of you for being on this glorious journey with us. Affirming the innate goodness and value in all humans, we rise to the occasion with heart, courage, and resilience!

In Loving Service,

Patricia Flores (ella|she|her)
Catherine Place Executive Director

Hope, Healing and Connection

...for more than 1,000 women

Hope

- ◆ Provided more than **750 hours** of confidential support, advocacy and resources to **47 women in Spanish and 51 women in English**
- ◆ Offered over **165 hours of education, leadership training and inspiration to 960 women** from Pierce, King, Thurston and Kitsap Counties through weekly groups

Individual Support & Advocacy:

Women experiencing challenges related to poverty, violence, loss, immigration, isolation, or illness receive confidential support related to their specific needs. At Catherine Place the term “women” includes cis and transgender women, as well as non-binary and gender non-conforming people who are comfortable in women’s spaces.

Healing

Healing Arts: Specialized healing services promote relaxation and self-care, including; reiki, biomat, light touch massage, tapping and myofascial energetics.

We also offer workshops for women to experience new art forms, alternative healing, and spiritual growth in a supportive environment.

- ◆ Offered almost **100 hours of Healing Arts Services to 34 women**, including Reiki, massage, biomat, tapping and guided meditation
- ◆ Offered 2 series of our 9-week CARE Course to 19 participants in partnership with University of Washington Tacoma
- ◆ Our CARE library provides self care tactics for daily implementation, available 24/7 on our website:

<https://bit.ly/CARE-library>

Connection

Support Groups & Circles: Women provide and receive encouragement and support from peers.

Groups meet regularly and are offered in English and Spanish. Visit catherineplace.org/events for a complete listing of groups.

'Yes, We Can' and 'Si, Se Puede' are leadership training in the Circle model. Circles foster development of voice through a model of shared leadership and rotating responsibility.

- ◆ **Served 27 Latinas through “Juntas en Trancision”** (Together in Transition), Pierce County's only ongoing domestic violence prevention support group offered in Spanish
- ◆ **Hosted 2 workshops to build skills** in Trauma Informed Care and Nonviolent Communication, teaching 37 community members to be local experts
- ◆ **Referred 61 women** in need to 29 local community service providers

At Catherine Place the term “women” includes cis and transgender women, as well as non-binary and gender non-conforming people who are comfortable in women’s spaces.

El término “mujer” incluye a mujeres cisgéneras y transgéneras, incluyendo personas no binarias, y personas de género no conforme que se sienten cómodas en espacios femeninos.

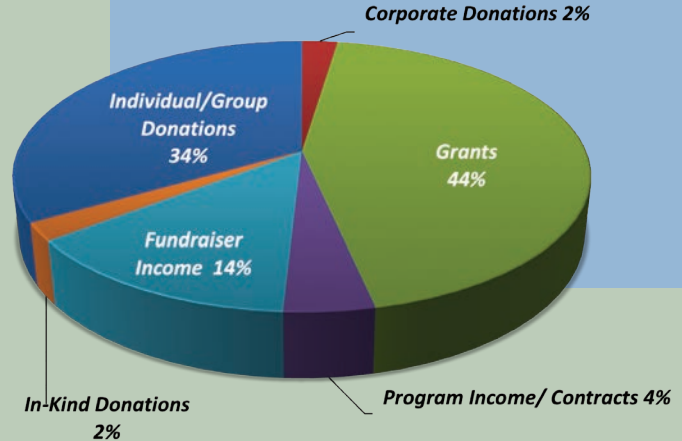

Thank you to our **48** amazing volunteers who donated **almost 1,600 hours** of their time!
We couldn't do it without you!

2022 - 2023 Financial Summary

Catherine Place received federal assistance (a PPP loan) to support our operations during the pandemic. The loan was forgiven and recorded as income. Since individual donations have been down, this support and a small portion of our reserve helped cover this fiscal year's expenses. Next fiscal year, with the successful return of in person programs and events, we foresee rebuilding individual support.
